FOR CONNOISSEURS OF MODERN LANGUAGE LEARNING

For beginners, O-level, CSE, GCSE and beyond, this sophisticated program provides a unique and highly successful aid to modern language learning. The package includes a tuition control program and a comprehensive series of lessons, each covering a different subject in vocabulary or grammar.

Individual lessons may be loaded and used in a variety of self-paced learning and test modes.

All words and phrases are displayed complete with accents and special characters and gender learning is reinforced where possible by colour coded displays.

In addition to the vast vocabulary supplied, the program also allows you to key in special lessons of your own. Homework lists, coursework, revision etc. can all be very easily entered, edited and saved for future use.
